

# Sherburne County Emergency Net Script

*Attention all amateur radio operators.*

This is (Your Call Sign) initiating a Sherburne County Emergency Communications Net.

This a NOT A DRILL, Repeat this is NOT A DRILL

Sherburne County Amateur Radio Emergency Service has been activated for response. There has been (*state what the emergency/reason for response is*). All Sherburne County Emergency Communications personnel are requested to check in to this net. By order of the Sherburne County Emergency Services Director, this repeater is now restricted to communications pertaining to the current emergency ONLY.

(reset repeater)

This is a directed net. Net operations will be conducted using strict emergency procedures.

- ü All stations are to standby until called by Net Control.
- ü Any station wishing to contact another station on the net must obtain permission from Net Control prior to establishing contact.
- ü Any station checking into the net must notify Net Control before leaving the net.
- ü All stations, which check into the net, will be required to respond to acknowledgement of bulletins, announcements or other communications, as requested.
- ü During Roll Call, check in using your call sign only.

(reset repeater)

The Net Control Station for this net is (Your Call Sign).

Tactical Call Sign is: **Elk River Net Control**

Are there currently any stations with Emergency or Priority messages?  
(if there is traffic - ask stations to list and then pass traffic)

Are there currently any stations with Health & Welfare or Routine messages?  
(if there is traffic - ask stations to list and then pass traffic)

(reset repeater)

This is **Elk River Net Control** with the Sherburne County Emergency Communications Net. All Sherburne County Emergency Communications personnel please check in. When checking in please give your current location and availability.

This is (Your Call Sign) Standing by:

*(as stations check in – give them an assignment if you have one for them, if not instruct them to stand by and monitor the net for further instructions)*

**(Roll call – to be performed every 30 – 60 minutes for stations checked into the net)**

This is **Elk River Net Control**. Roll call is as follows.

| Call Sign | Name                 |
|-----------|----------------------|
| N0JHU     | Dan Shartle          |
| K0GWO     | Greg Ogden           |
| K0MJS     | Mike Steckelberg     |
| KC0WEO    | Rob Youcha           |
| KC0WOK    | Mary Taft            |
| WB0VAD    | Dave Cecka           |
| N4JHU     | Greg Shartle         |
| W0RAZ     | Jon Rasmussen        |
| W0VNT     | George Christoferson |
| N0OQA     | Larry Narikawa       |
| KS9EEE    | Kristy Scanlon       |
| W9RJS     | Bob Scanlon          |
| N0YR      | John Smolenski       |
| KC0YBX    | Dave Winn            |
| N6JHU     | Jeanette Shartle     |
| KD0GTU    | Paul Owen            |

| KC0UPL    | Jordan Bugge', Sr.   |
| KD0BXQ    | Justin Anderson      |
| KD0AXQ    | John Blood           |
| N0RD      | Boaz Erickson        |
| KC0FQS    | Henry Griner         |
| KD0LJY    | Alana Curtis         |
| WX0SVR    | Nick Elms            |

(Upon Termination of Emergency)

Net operations will be terminating. I want to thank all amateurs for their assistance. I will now close the net and return the repeater back to general amateur use. (Your Call Sign) is now clear.

Note for Net Control Stations: Do not be afraid to correct ANY station that checks into the net and does not follow appropriate procedures during the

net. Do it politely but firmly, as this is the time and place to make mistakes and have them corrected, not during an emergency.
